

2012 Boykin Spaniel Society Upland Field Trial Invitation

Fall is almost here, summer is still holding on, but I can feel the promise of falling leaves in the morning. Dove season opens up this weekend and all the dogs are going to get a work out during our weekly shoots. After our dove shoots we generally do a little flushing training as the evening cools off. Even though the Boykin is generally used as a retriever, their desire to quarter a field and flush is a joy they can't seem to contain. The BSS has recognized this trait and now host yearly Spaniel training and testing programs that are second to none.

This January 14th and 15th the Society will host the BSS Upland National Championship at The Hanging Rocks Plantation in Millen Georgia. This year the Society will once again sponsor three stakes for Novice, Intermediate and Open dogs.

All the current rules and entry forms are on the web site and can be downloaded at your convenience. If you are not interested in competition, you are welcome to come out and see all the dogs and join in the side fun. The Crazy Quail completion always draws a big crowd and the Friday pheasant tower shoot is big fun. As usual there will be lunch catered every day and a banquet Saturday night with auctions and raffles. If you are interested in the banquet only just download the entry form, check banquet only, and mail it in. You will be welcomed to a once a year sight of brown dogs, blaze orange and friendship.
